Property Description

THIS IS IT!! Check out this incredible sprawling single level home on a huge lot! This home has been lovingly upgraded and updated and is absolutely turn key beautiful. Upgrades boast wood and laminate flooring, updated cabinetry, granite kitchen counters, stainless appliances, custom backsplash and deco tile, walk in pantry, huge open concept kitchen with breakfast bar and open to eat in area and family room. This home also features a HUGE great room with lots of windows and natural light, perfect for entertaining or just relaxing. Fall in love with this laundry room featuring TONS of storage space! Master suite has real wood flooring, crown molding and dual mirrored wardrobes. Master bath features custom brick accents and is loaded with charm. Both secondary bedrooms are HUGE! Dining area has a fantastic built-in bench and eating area. Family room features fireplace w/hearth, and an oversized set of dual french doors that lead out to rear yard with covered patio and the large usable lot. Rear yard features an area for gardening with irrigation and sprinklers. This home also is equipped with solar panels. Purchase the power that your panels produce. Newer HVAC system, and whole house fan. Two car garage is oversized with extra storage space. You will not be disappointed - see this gorgeous home today!
