### Property Description

Just imagine living in Rancho Cucamonga with views of the foothills. Step into your new two story home that is bright and spacious. The home consists of two family / living areas, a kitchen, two dining areas, four bedrooms upstairs, three car garage, one downstairs laundry room, and a grand sparkling pool in the backyard! The family room features a beautiful stone fireplace which flows into the upgraded kitchen with granite counter tops/tile floors with a bonus sit in breakfast area. Also just steps away from that family room is a sit in dining area and formal dining area with a great-room. Step outside through the sliding doors to the backyard for a sparkling, rock pool time created for outdoor / indoor entertainment under the covered patio. Back in the house make your way upstairs to the master bdrm, with an on suite bathroom, and custom built walk in closet & three other spacious bdrms with views. There is direct access to the three car garage for plenty of storage. Some more amazing updates on your home are dual paned windows with custom plantation shutters, newer HVAC and heat, water heater, and newer pool equipment. Do not miss out on your next home, make us an offer we can't refuse!
