Beautifully remodeled end unit Townhouse in sought after Bixby Village with a great interior location. This home features a well thought out floor plan filled with natural light. Extensively remodeled throughout featuring a beautiful kitchen with white oak cabinets and brand-new kitchen appliances. There is a large formal dining room that is open and looking over the sunken living room which features a dual sided fireplace separating the living room and den. Also on the 1st floor is a beautifully remodeled half bath and a very large office which could also be used as a 4th bedroom or a family room. Both the living room and den have sliding glass doors which lead out to the large patio. As you make your way up the stairs to the landing, you'll notice high vaulted ceilings and more natural light. 3 bedrooms and 2 fully remodeled bathrooms are located on this upper level. Wait until you see the expansive primary suite bathroom with a massive walk-in shower and soaking tub, dual vanities with plenty of counter space. The primary bedroom is spacious and includes a ton of closet space. This location can't be beat either as you're just a few minutes from all of the shopping and restaurants at PCH & 2nd and Belmont Shore
