## Property Description

Welcome to The Estate Collection at Deer Creek - luxury at its finest! Approach the custom arched, leaded glass front doors and walk into a grand foyer, a living room with second-story ceilings, an exquisite stone-wall fireplace, and views of the mountains through a wall of glass. The kitchen has been upgraded with Viking appliances: refrigerator, microwave with warmer drawer, trash compactor, dishwasher, and 6 burner stove. It boasts of gorgeous, glass tile backsplash, built-in glass cabinet/wine racks, huge island, and large in-kitchen dining. All of this is open to the spacious family room, with fireplace, built-in cabinetry with an 82" Samsung TV (purchased in 2020 and included), and sliding doors that go out to the private salt water pool with cascading waterfalls, and spa. Take two steps down from the foyer into the master suite with a fireplace in the sitting room. Master bath includes amazing view, double sinks, soaking tub, and walk in closet with built-ins. Two other bedrooms downstairs, each with their own attached, updated bathroom, plantation shutters, glass mirror wardrobe doors, built-in closets, and ceiling fans. There is an updated half bath in hall. Work from home? Take a look at the private office with built-in filing cabinet and shelves, and views out the front. Let's go to the custom iron staircase that leads to a 563 square foot second master suite - with a bonus room, a private retreat with balcony and views. Back yard has an outdoor kitchen with BBQ and sink and patio for entertaining friends. Separate sunning area above, and large grassy area to the side. Three car garage has 220 with an EV hook up, epoxy flooring, lots of cabinets. There is a newer Culligan home water treatment system, two 50 gallon water heaters replaced in 2020. Whole house fan upstairs. Security system with all windows and doors censored, and 2 motion cameras. Ring video doorbell. Private cul-de-sac. All of this - in the amazing Collection of Deer Creek Estates.
