Property Description

This beautiful Upland home has 4 bedrooms and 3 baths with 2330 living space that will be perfect for your family! Located in a great neighborhood with lots of friendly neighbors! This single-story home has plenty of room to grow with 2 primary bedrooms and 2 primary bathrooms. One of them can be used as mother-in-law quarters. There's also an oversize garage that can accommodate most vehicles. The inside features built-ins, new paint, and remodeled bathrooms. Outside is just as fabulous with landscaping, fruit trees (exclusively avocado & orange), plus an oversized shed to use as a home office or craft room. The backyard has enough room for kids to play or adults to relax in the shade by the fire pit with their favorite drink in hand.
