Property Description

Discover your ideal retreat in the exclusive Jurupa Hills, where this unique 4-bedroom, 2-bath estate sits on just under half an acre in a private cul-de-sac. Commanding beautiful city and mountain views, this home features a fully paid-off 40-panel solar system and a 3-car tandem garage with a rare drive-through garage door with access to the backyard. Tons of storage space with built-in cabinets in the garage. Inside, new waterproof luxury vinyl plank flooring, fresh designer paint, classic wainscoting, ceiling fans, and vaulted ceilings frame the living space, which centers on a cozy fireplace. The gourmet kitchen dazzles with granite countertops, a built-in hood, a Thermador Professional 6-burner range, and a "Super Pantry" with room for an extra fridge and office space. Entertain under the impressive dining room chandelier or retreat to the primary suite with custom closet organizers and a spa-like bathroom featuring dual sinks; both bathrooms have been tastefully updated with a classic luxury look. ADT alarm system w/ touch screen. Outside, the horse-zoned grounds boast room for RV parking, newer vinyl fencing, and two large sheds, including a newer Tuff Shed. Relax by the pool and spa with new perimeter tile, host at the BBQ island and fire bar table, or gather around the side yard fire pit. The backyard also features citrus trees, passion fruit vines, ample garden planters, and a large patio cover with recessed lighting and a new rolled composition roof. With beautiful front slope landscaping and proximity to parks and trails, this view home truly checks every box.
